

## Do You Have Gas?

Fuel starvation does not just happen to low-time pilots. Simple though it may seem, fuel management is a complex topic involving planning, fuel system design, contamination, fuel grade, and human factors. We will discuss recent fuel exhaustion accidents, and techniques that pilots can use to keep fuel in the tanks and their options open. Don't miss this important discussion. Click on the link below and register TODAY.

**Directions:** Take I-295 to Exit 10, Bucknam Road. Merge onto Bucknam Rd, then go 0.5 miles and take a left onto Middle Road. Go 0.4 miles to Activity Center on the right.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

### Event Details

**Tue, Jan 19, 2016 - 18:00 EST**
